APRIL 2023

SCHEDULE OVER CLASS TIMES

The ability for students to schedule appointments during times they have class will be enabled May 3rd through final exams.

UPDATING TAGS

On reading Day, May 4th – all SAP tags will be removed; if you utilize tags, please be sure those are updated as needed

CAMPUS CATEGORY

This category is based on the student's campus - a student's campus is defined based on their enrollment and is term specific. If a student is taking at least 1 credit in a course coded as in-person in Blacksburg, then the student's campus is Blacksburg. To be a 'Virtual' student, they would be enrolled in all virtual courses. This category is updated nightly since it is a category, however once the term changes then it will all “refresh” for the current term based on enrollment. If the student is not enrolled in courses in the subsequent semester, then the category does not update until there is new enrollment for the current term.

SUCCESS SPOTLIGHT

20,696 students completed course request for the fall 2023 term!

DON'T FORGET

Please notify us of any staff changes so we are able to keep all roles within the platform as up-to-date as possible.
