AUGUST 2020

REMINDER

Students are not able to schedule an appointment during a time they are scheduled for a course. This is only impacted by courses that have specific days and times listed on their schedule.

NEW TAG

To help identify students who are enrolled in 100% online courses for the fall 2020 term, a new tag has been created called "All online courses fall 2020," which is being updated on a consistent basis through the first week of classes.

Top user within the platform for the month of July 2020 is Courtney Glass from Psychology with the most active time on Navigate!

CATEGORY CHANGES

Thanks to an enhancement to EAB Navigate, race and ethnicity is now included in the Population Health Dashboard. These fields were initially included as a category so it could be utilized in the dashboard, however; due to this upgrade, the category is no longer needed and has been removed.

REMINDER

All orientation service constraint changes that were previously requested have been changed back to their original constraint settings as of last week.
