MARCH 2021

TRANSFER CREDIT ISSUE

When looking at a student's transfer work, please use either Hokie Spa or Banner and not Navigate. Since Banner does not keep an audit trail of any changes or edits to transfer work, if a change is made the change is not pushed to Navigate in our nightly load. So if a transfer equivalency changes for whatever reason or the student declines the credit while this information will be reflected in Banner and Hokie Spa, it will not be reflected in Navigate. It is for this reason important to look at the official source of the student record when looking at transfer work.

Top user within the platform for the month of February 2021 is Vivek Shastry from the College of Science Dean's office with the most active time on Navigate!

CANVAS SITE FOR TRAINING

A new Canvas site has been developed to provide training for those that need access to the platform. Even if you already have access to the platform you are more than welcome to join as new resources will be added on a regular basis. To gain access to the Navigate Training Canvas site, please email Lauren Thomas, lwthomas@vt.edu.

PICTURES NOW IN NAVIGATE

As you may have noticed, photos have populated in the platform for faculty, staff and students. Students will now see pictures attached to their student success team, while faculty and staff will see the student's picture on the student's overview page above their contact information. Photos are being provided by the Hokie passport office in our nightly Banner upload. If you would rather upload a different picture, on your Staff Home click on "Upload Profile Picture" and upload a picture of your choosing. This can only be done by faculty and staff, students CANNOT change their pictures.
