

# NAVIGATE

## *Monthly Newsletter*

SEPTEMBER 2019

### MASS TAGGING OF STUDENTS

All advisors within the platform now have access to mass tag students. Directions and timelines/policies can be found [HERE](#).

### ADDITIONAL REFERRAL OFFICE

First Generation Student Support is now a referral unit under "Issue an Alert." Students should be referred to First-Generation Student Support when a first-generation student needs resources and support structures that help them to prepare for their academic and social experience through their first year of college and beyond. All referral offices can be found [HERE](#) with the reasons why you would refer to a particular office and protocol follow the referral being made.

Top user within the platform for the month of August 2019 is Heath Furrow from the Department of History with the most active time on Navigate!

### DON'T FORGET!

The best browsers to use when working in Navigate are Google Chrome or Firefox. These two browsers allow for all functions in Navigate to work properly.
