December 2018

SSC-CAMPUS IS NOW NAVIGATE

The Student Success Collaborative (SSC-Campus) will be called Navigate. As we make this transition in December, you may notice some resources are being changed to reflect the name change.

NAVIGATE

NEW TAG

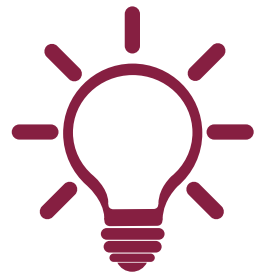

We now have two new tags, **125% Warning** and **125% Exceeded** which will be managed by the registrar's office as they are the ones who notify students. Be on the lookout for this new tag if you feel a student could be in this situation.

DON'T FORGET!

Students cannot schedule appointments when they have class which will impact Reading Day

TIP OF THE MONTH

Find out who hasn't registered for spring 2019 through the advanced search under enrollment. Select Fall 2018 for enrolled in, click the + button, and enter Spring 2019 for not enrolled in these. Great way to target those students you know are not graduating to find out why they are not registered.
