## ACADEMIC ADVISOR MENTOR PROGRAM

As we move towards the fall 2022 semester, we would like to extend an invitation to participate in a free professional development opportunity, the Academic Advising Mentoring Program. Please see the [details for the program](#). [Sign-up by August 1, 2022!](#)

The Academic Advisor Mentor Program (AAMP) has been created to enhance the professional development of Virginia Tech's academic advisors. This program strives to create an engaged community of professional academic advisors at Virginia Tech and provide participants with information and resources that can be incorporated into their advising curriculum to meet the needs of their unique student populations. Mentors will guide mentees in developing professional goals and provide tailored support to each of their mentees.
